

BEGINNING DAY 2021

8. A burning need

- 1: In the bliss of solitude, a need shows up out of nowhere from time to time.
- 2: The infinite and pointless need to love someone.
- 3: I need to feel involved and complicit, to know that someone else is facing this war with me.
- 4: I need you, and i don't even know who you are.

Desire is the only bulwark against nothingness. No objection to life, no despair, no boredom, not even all the evil in the world is able to extinguish the desire of one's heart, which is that burning need for something different.

What need did the Beginning Day and the experience of this period revive in you?
